PRICE THREE CENTS

GREENCASTLE INDIANA, SATURDAY JUNE 22, 1895.

TEN CENTS PER WEEK, NO. 213

COFFEE INDUSTRY.

Consuls Are Offered In This Line In Hawaii.

A STAPLE PRODUCT.

From a Report of Hawaii's Legation Through Consul General. What the Industry Offers. Is Now Dependent Upon the Industry of Sugar.

Consul General, Honolulu, June 22.—Consul General has sent to the government a report of the labor on the coffee industry in Hawaii. The commission says that the labor is not enough to supply the plantations, but that the supply is not at any time and the coffee is seriously crippled. Coffee is a staple product and offers very good returns and should be fostered. "It is apparent," says the commission, "that our moral and political interests are altogether too dependent on the single industry of sugar. The countries governed by able and energetic men, persistent and far-sighted, have been made to import coffee and have created coffee industries. Here, however, we have a singular stagnation of the public opinion on the subject, owing largely to the power of native monarchy which is hostile to progress."

The Coffee Industry Offers. The commission speaks of many that are now imported that might be raised in the islands and would furnish support to a large number of men who are urgently needed to the social and political condition of the country. The coffee industry is an opportunity. The tenures are said to be not tenacious. Leasehold interests can be obtained and no large number of men and Europeans will accept of such business is done on credit terms with only leaseholds find it difficult to obtain this credit. The coffee industry is said to be not tenacious. Leasehold interests can be obtained and no large number of men and Europeans will accept of such business is done on credit terms with only leaseholds find it difficult to obtain this credit. The coffee industry is said to be not tenacious. Leasehold interests can be obtained and no large number of men and Europeans will accept of such business is done on credit terms with only leaseholds find it difficult to obtain this credit.

Political and Social Problems. The social and political conditions of the country are such that the coffee industry is an opportunity. The tenures are said to be not tenacious. Leasehold interests can be obtained and no large number of men and Europeans will accept of such business is done on credit terms with only leaseholds find it difficult to obtain this credit. The coffee industry is said to be not tenacious. Leasehold interests can be obtained and no large number of men and Europeans will accept of such business is done on credit terms with only leaseholds find it difficult to obtain this credit.

Howgate Convicted. Guilty of Forgery and Falsification of Accounts. The Howgate case has been brought in a verdict of guilty of forgery and one for falsification of accounts. The jury added a recommendation to mercy. An appeal on a writ of habeas corpus.

HOWGATE CONVICTED.

Guilty of Forgery and Falsification of Accounts. The Howgate case has been brought in a verdict of guilty of forgery and one for falsification of accounts. The jury added a recommendation to mercy. An appeal on a writ of habeas corpus.

Captain Henry W. Howgate.

Exceptions have been taken to the verdict of appeals. The verdict was a surprise, as the general expectation had been that the Howgate case would either disagree or bring in a verdict of acquittal. The appeal to the court of appeals will not be heard before October owing to the adjournment of the court. Captain Howgate and his daughter, who has been with him throughout the trial, took the verdict calmly, though the daughter broke into tears as the Howgate case was taken back to the court. The case on the second trial occurred nine days in the taking of evidence and the arguments.

BLUFF DIDN'T WORK.

Residents of Wilmette Tear Out a Dam Put In Without Right.

KENOSHA, Wis., June 22.—There was considerable excitement in the western part of this county yesterday. Trouble occurred at a point on the Fox river which separates the states of Wisconsin and Illinois. Recently a company was formed at McHenry, Ill., to secure boat privileges and the company proceeded to dam the river without the consent of any one. In the morning five men, residents of Wilmette, drove a wagon to the river and tore out the whole affair by force. While tearing up the dam the McHenry people secured an old cannon and mounted it on the bridge and faced it toward the Wilmette workers. The bluff did not work, however, as the Badgers stormed the bridge and took the cannon. Everything was quiet last night.

LICK TRUST ENDED.

Last Payment to the Trustees—Legacies Provided by the Will.

SAN FRANCISCO, June 22.—The famous Lick trust organized in 1875, has come to an end. With the payment of \$181,000 by the Fair estate to the trustees the last act of the judiciary agents of James Lick was accomplished.

The Society of California Pioneers and the Academy of Sciences, the residuary legatees specified by James Lick in the original trust deed, will now receive \$600,000 each. The receipts of the trust have been about \$5,000,000. The principal public legacies in Lick's will were: Lick Observatory on Mount Hamilton, \$700,000; School of Mechanical Arts, \$540,000; Old Ladies' Home of San Francisco, \$100,000; Lick free baths, \$150,000; monuments at the city hall and parks, \$160,000.

STUFFED PAYROLL SWINDLERS.

Chicago Investigating Officers Secure Some Valuable Testimony.

CHICAGO, June 22.—The city officials who are investigating the stuffed payroll swindles received valuable testimony yesterday from ex-Foreman W. A. Dorman of the waterpipe extension department. Detectives had been searching for him several days and yesterday he gave himself up and made a confession which, it is said, implicates many ex-city officials who are not yet under arrest. The details of the statement were carefully guarded by the investigators, but it is said that it is sensational in its showing of the widespread corruption under the city administration. It was reported in the afternoon that as a result of Dorman's confession a large number of additional arrests would be made.

MOTHER AND CHILD DEAD.

Fatal Results From a Dose of Medicine Supposed to Be Purgative.

HORNELLVILLE, Ky., June 22.—The wife of George Huber, living near Fremont, gave her two children, Rose, aged 2 years, and Fred, aged 7, a dose of purgative, taking some of the medicine herself. The girl and mother died shortly after in terrible agony, but the boy's life was saved with an emetic.

Last winter Mr. Huber took a child to be christened, after giving it a dose from the same bottle, and upon arriving at the church the child was found to be dead, supposedly from suffocation. It is thought that poison was contained in the medicine through the druggist's error.

Dinner to Attorney General Harmon.

CINCINNATI, June 22.—One hundred and twenty-six guests partook of the dinner given by the Cincinnati bar association last night to Hon. Judson Harmon, attorney general of the United States. Judge W. H. Taft of the United States court of appeals was toast master. Hon. Judson Harmon sat at the head of the table with ex-Governor Foraker on his right and Judge Taft on his left. At this table were seated the judges and ex-judges of the superior and common pleas courts.

Murdered For His Money.

AITKEN, Minn., June 22.—A settler named William Kylma, living in the town of Beaver in the southeast portion of the county, who has been missing for the past 10 days, was found murdered yesterday by blows on the head with a hammer or an ax. He was known to carry a large sum of money, said to be as much as \$1,500, on his person, and this the murderer knew, as the secret pocket was torn open and the money gone.

Supplies For the Destitute.

KANSAS CITY, June 22.—A large consignment of supplies for the destitute in Oklahoma has been shipped to Round Pond. Rev. P. Shane and Judge Nash, who are soliciting aid, say, however, that more supplies are badly needed and will continue to receive food and clothing at their headquarters here and forward to the suffering people.

Gladstone's Intentions.

LONDON, June 22.—Today's Irish Catholic declares that the rumor to the effect that Mr. Gladstone will return to the house of commons is correct, and adds that he will lead the Liberals at the next general election. His object is stated to be the carrying of a home rule measure and thus finally settling the national quarrel.

Child Burned to Death.

VALPARAISO, Ind., June 22.—During an early evening hour while a little daughter of Fred Klausem of Hobart, with a number of companions, was playing around a bonfire, she ran too close and her clothes took fire. Before she could be assisted she was burned from head to foot, dying from her injuries soon after. This is the second accident of that kind in Hobart this month.

THERE WAS NO FIGHT.

Republican League Adjourns Without An Embarrassing Contest.

SILVER MEN ARE ELATED.

They Say If Free Silver Was Not Adopted Nothing Else Was Adopted—The Gold Standard Delegates are Reticent—The Action Taken Advised by Leading Republicans—Comments by Delegates.

CLEVELAND, June 22.—The eighth national convention of Republican clubs closed yesterday. All week there were apprehensions of an embarrassing fight on the silver question, but nothing was disposed of in all the proceedings so quietly or so quietly as that matter. The committee on resolutions had settled this matter Thursday night by deciding to report that the league had no constitutional right to adopt resolutions and its report to that effect was approved. Constitutional limitations are sometimes in the way, but in this case the constitution was considered convenient by both factions.

Silver Men Elated.

The gold standard men were not satisfied, but they could not see any way to do anything better than to adopt the Patton substitute as previously given in these dispatches. The silver men are elated. They say if free silver was not adopted nothing else was adopted, and that it indicates that the Republicans concede they cannot get along without the western states. Although it could not be done without a fight on the floor of the convention, the western delegates expected to have an anti-silver resolution adopted over their protests. They claim to have received more advantage than ever expected at a national Republican convention.

Advice From Leaders.

It is well known that telegrams received here Thursday and yesterday from presidential aspirants and leading Republicans in all parts of the country suggesting that any action on silver would be dangerous, and these advices would do much toward having the hot poker dropped a la Patton's substitute. The local papers tried to interview delegates on the report of the committee on resolutions. The free silver men all expressed satisfaction and the anti-silver men as a rule would not express any opinion. Senator Thurston of Nebraska, a leader against free silver, said:

The report was entirely consistent with the league organization, but I should have preferred a disclaimer of any authority or purpose to make a platform or commit the party, followed by such resolutions as would express the views of these assembled delegates on political issues. I am in favor of improving the financial plank of the last Republican platform.

Convention Work Criticized.

While most of the delegates were steaming over the lake in the afternoon there was a joint meeting of the officers of the state leagues with the committee on league work and the executive committee. John L. Webster, the Nebraska vice president, presided in the absence of General McAlpin, and the states were called for reports. Mr. Churchill of Colorado said the convention hadn't the courage to express any opinion on anything and it would be difficult to outline plans for organization.

Mr. Green, president of the New York league, said the convention had resolved itself into a nonentity. He insisted on the meeting hearing Professor George Gunton of New York, who had been invited here to address the organizers and officers on plans and principles.

Booming Tariff Issue.

The effort to divert attention from silver to the tariff as an issue continued yesterday. The speeches in the convention, as well as at the banquet the night before and elsewhere, were all in that line. When the Tippecanoe and other local clubs went to the depot to meet Governor McKinley the Iowa band of the Allison men headed the procession. There was every effort to make the week of silver agitation end in a big boom for the tariff as the issue of the Republicans.

Elect a Secretary.

M. J. Dowling of Minnesota was elected secretary of the league on the first ballot yesterday, with W. G. Edens of Illinois and John F. Byrns of Colorado for competitors.

The committee on resolutions reported the Patton resolution, which was adopted without debate. This ended all the silver agitation and the agreement of the contending factions to have no financial fight on the floor of the convention was carried through. The result was greeted with applause.

At 1:10 p. m. the convention adjourned sine die for an afternoon excursion on the lake and a reception to Governor McKinley at night.

Against a Convention.

ST. LOUIS, June 22.—Governor Francis, asked what he thought about a silver convention being called by the Democratic committee, said: "I sincerely hope the committee will not call a convention. There is no necessity for it and in my judgment it would be a grievous political mistake. It would create a schism in the party which would not be healed before the election of '96."

Weather.

Indiana—Fair; westerly winds.

ON A RISING TIDE.

Trade and Industry Still Has an Upward Tendency.

NEW YORK, June 22.—R. G. Dun & Co.'s weekly review of trade in its issue today says: From all parts of the United States the best advices obtainable tell of a rising tide of trade and industry which threatens here and there to mount too far and too fast. The volume of all business is by no means equal to that of 1892 as yet, though in some important branches larger than in any other year. Two influences of tremendous power contribute to the rise—encouraging crop news and confident replenishing of stocks which have been for two years depleted to the utmost.

Excepting too heavy rains in Texas, crop reports this week have been highly encouraging. Future injury to cotton cannot be predicted, but as yet nothing indicates a yield below 7,500,000 bales which is not supposed to threaten famine if the commercial and mill stocks were remembered, now exceeding by 2,500,000 bales a full consumption until Sept. 1. Reports from spring wheat states and from the Pacific coast are so cheering that, although the loss of winter wheat was large, those whose estimates have been most accurate in recent years now vary in predictions from 450,000,000 to 470,000,000 bushels.

Failures for the week have been 228 in the United States against 214 last year and 31 in Canada against 25 last year.

As Bradstreet Sees It.

NEW YORK, June 22.—Bradstreet in its issue today says: The feature of the business week is the customary check to activity in trading in staple articles of merchandise due to the near approach of midsummer with the accompanying stock taking in some lines; in addition to this, perhaps, the only other feature not pointing to improvement is the reaction of prices on cotton, coal, wheat, flour, corn, oats, pork and lard from previous relatively high levels. In almost all other directions reports on the business situation and outlook are exceptionally favorable.

BOLLN'S SHORTAGE.

Amount Not Definitely Known, but Will Be Over \$25,000.

OMAHA, June 22.—The full amount of City Treasurer Bolln's shortage is not yet known and will not be for the next week. It will be something over \$25,000. It is not considered likely that any official action will be taken relative to the future conduct of the city treasurer's office until after the investigation is completed. Owing to the chaotic state of affairs in the department nothing but the final result of the examination can establish the full extent of the depredations on the public treasury and most of the city officers, as well as the bondsmen, are in favor of delaying action until the precise situation is known.

Some of Bolln's friends are endeavoring to patch up the affair so that he may be retained in office by paying up the deficiency.

Horse Carries Off a Child.

LANCASTER, Pa., June 22.—Mrs. Christian Wingerling wheeled a coach containing her 3-months-old baby close to a fence and then walked away a short distance to talk with some neighbors. In the meantime a horse in an adjacent lot reached over, and catching the baby's clothes between its teeth, trotted across the pasture, to the great consternation of Mrs. Wingerling and the other women. They started in pursuit of the animal, which gave up the baby without resistance and the infant was found to be unharmed. The horse is a great pet with children, and it is supposed it wanted to play with the child.

Ravisher Shot by a Sheriff.

ELLAVILLE, Fla., June 22.—Henry Foy, colored, strangled and outraged a little girl 9 years old, a relative of his wife. The girl managed to reach home and tell her mother. The sheriff after scouring the country found Foy early yesterday morning. He was armed with a double-barreled gun and on being commanded to surrender, turned it toward the sheriff. The latter was too quick and sent a load of buckshot into Foy's left side, killing him instantly.

Struck by Lightning.

GALVESTON, June 22.—At noon yesterday lightning struck the orphan's home building, now in course of construction, killing Fred Seifert, a young man employed on the building. Fred Hartall was struck by falling timbers and painfully injured. Bertie Mann, son of the contractor, was fatally injured. This is the second time this building has been struck by lightning.

CONDENSED TELEGRAMS.

A trolley collision at Newburg, N. Y., injured nine persons, some seriously.

It is officially denied that Gomez, the Cuban insurgent leader, has been captured.

The treasury statement yesterday showed an available cash balance of \$183,476,419 and a gold reserve of \$99,743,929.

The jury in the case of United States Marshal Meade, suing the Arizona Star at Tucson for \$25,000 damages for libel, awarded Meade \$1.

The case in Philadelphia against W. B. Somerby, ex-supreme justice of the Order of the Iron Hall, charged with a fraudulent use of funds, along with other officers, has been dismissed.

Anthony Johnson, colored, was hanged at Dumas, Ark., yesterday afternoon. On April 14, 1894, he shot and killed H. Ward, another negro, whom he claimed was criminally intimate with his wife.

Citizens to the number of 75, led by Rev. W. K. Arnold, entered a saloon at Bascom, O., and demolished and carried away everything movable. The town had voted "dry," and the saloon was running illegally.

ATTEMPTED MURDER.

Trouble Which Grew Out of Litigation Over Mortgaged Property.

THREE SHOTS TAKE EFFECT.

Terre Haute Ministers Exchange Courtesies Over Some Differences in Temperance Matters—Murderer Caught—Child Burned to Death—Ole of John Lackey's Assaults Sentenced—State Notes.

SOUTH BEND, Ind., June 22.—Daniel T. Mease emptied his revolver at Hon. Jonathan P. Creed, attorney, yesterday. Five shots were fired, three of which took effect—one striking Mr. Creed in the breast above the heart, not penetrating the skin; another entering the arm, being cut out, while the third passed through his clothing on the right side. Had not the first shot glanced, it would have been fatal. Failing to kill his antagonist, Mr. Mease grabbed a large piece of iron and pursued Mr. Creed some distance, after which he disappeared. The trouble was caused by litigation over a mortgaged cider mill and the premises on the western limit of the city, where Mr. Mease lives and where the shooting was done. Both principals are well known and prominent.

THE TALBERT CASE.

Plaintiff Wins and a Guardianship Recommended by a Jury.

SHELBYVILLE, Ind., June 22.—The case of the children of Joseph Talbert suing for the appointment of a guardian for their father, who is very wealthy, and who, they charged in their complaint with being a habitual drunkard and incapable of taking care of his property, was ended here yesterday by the jury returning a verdict for the plaintiffs. Talbert proved a per witness when placed on the stand, hardly answering a question without an oath. Talbert at once was regarded as the wealthiest man in Shelby county, and several years ago presented each of his six children with 80 acres of fine land and \$5,000 each. Dissipation and riotous living has got away with a greater portion of the immense fortune. The family resides at Morristown, this county.

EXCHANGE COURTESIES.

Terre Haute Ministers Have Some Differences Over Temperance Matters.

TERRE HAUTE, Ind., June 22.—The quarrel among the ministers as to Christian Endeavorers taking part in the enforcement of the Nicholson temperance law has reached an interesting stage. The Rev. Dr. Holmes of the First Baptist church, says that he finds that all of the ministers of Terre Haute are not gentlemen, nor men of truth and fraternal spirit, as he has associated with elsewhere, and he adds that those preachers opposed to his stand have used personalities, billingsgate and innuendoes, and have maligned him. The Rev. Dr. Hunter of the First Presbyterian, retorts that Dr. Holmes talks "arrant nonsense," that he is not a friend of temperance, and that the saloonkeepers have drunk in their saloons to the health of Dr. Holmes.

Died From Her Wounds.

NEW ALBANY, Ind., June 22.—Mrs. Carrie Holzer died yesterday in this city of the effect of wounds alleged to have been inflicted by her husband, John Holzer. Her skull was crushed and her right arm broken. Holzer claims that she was intoxicated and fell off a horse. He is under police surveillance pending the result of the coroner's inquest. Mrs. Holzer left her husband on several occasions owing to his ill treatment. She was 41 years old.

Saloonkeepers Defiant.

BRAZIL, Ind., June 22.—Hon. S. C. Nicholson, author of the famous Nicholson bill, will speak in Brazil on July 5, at which time he will organize a Good Citizens' league. The saloonkeepers here say they will make no effort to observe the new law, no matter what the governor may do, until they have instructions from the saloonkeepers' league of the state.

Murderer Captured.

INDIANAPOLIS, June 22.—Frank Taylor, alias Harry Jones, who shot and killed Harry Williams in a saloon here some days ago, has been captured at New Albany. The crime grew out of a crap game in which Williams won \$2 from Taylor, who demanded his money back, claiming it was a skin game. Both are colored.

Two Years In Prison.

RICHMOND, Ind., June 22.—The jury in the case of the State vs. "Crawfish Bill" Moore of Muncie for assaulting John S. Lackey of Cambridge City with intent to kill, returned a verdict fixing the penalty at two years in the penitentiary. Moore's partner, Ed Deitrich, who entered a plea of guilty, will be sentenced later.

Andy Trusler Recovering.

GREENSBURG, Ind., June 22.—Andy Trusler, who was thought to have been fatally stabbed at a ball near Snayna Saturday night, is now said to be recovering.

Mrs. Holman Stricken.

AURORA, Ind., June 22.—The wife of Hon. W. S. Holman was stricken with paralysis yesterday and is not expected to survive.

HOOSIER HAPPENINGS.

All the tollroads in Wayne county have been made free. Mrs. James Hood of Burkett, Wabash county, committed suicide by hanging herself in the woodshed, where she was found by her children.

self in the woodshed, where she was found by her children.

William D. Piety, aged 88, a pioneer of Knox county, is dead.

Miss Carrie Hurst of Carbon attempted suicide by taking Paris green while visiting at Greencastle. No explanation.

Ex-Congressman Bynum has been engaged by the Sound Money League of New York to deliver 20 speeches at various points in the state.

Lawrence Ginz, one of the pioneer settlers of Rush county, is dead from cancer. He lived 47 days without taking any kind of nourishment except water.

The first annual convention of the western yearly meeting of the Society of Friends' Christian Endeavor met at Westfield yesterday. There was a large attendance, many failing to gain admission to the church.

The secretary of state only has receipts for the acts from about 30 counties. At the rate the receipts are coming in the governor will not be able to issue his proclamation declaring the laws in force before the latter part of next week.

Barney Ginsberg pleaded guilty to planning a mock accident so as to obtain money from the Citizens' Street Railway company at Indianapolis and was sentenced to two years in prison by the Marion county criminal court.

DECLINED TO SPEAK.

Governor McKinley Arrives at Cleveland and Is Given a Reception.

CLEVELAND, June 22.—Governor McKinley arrived from Ottawa, Kan., at 6:35 last evening. He was met at the Union depot by the Tippecanoe club and the Foraker club, headed by the famous Iowa state band. He was driven directly to the Hollenden, the headquarters of the national Republican league, where he held a reception from 8 till 9 o'clock. Many of the delegates of the convention called upon him and the stream of people passed the governor in the parlors for fully an hour. An effort was made to induce him to speak, but he was tired after his long journey and declined.

Archbishop Elder's Narrow Escape.

CINCINNATI, June 22.—Archbishop Elder yesterday had a narrow escape from death. A wheel came off the carriage in which he was riding. The horses ran away nearly a quarter of a mile and brought up against a telephone pole. The archbishop suffered no broken bones, but last night seemed to be suffering from the nervous shock.

Dead In Honduras.

TEGUCIGALPA, Honduras, June 22.—The body of the American found murdered near Juzaran, and which is supposed to be Louis F. Menage, the Milwaukee defaulter, has been buried. Valuable found on him did not exceed \$30 in value, and were used to defray expenses of burial.

MARKET QUOTATIONS.

Prevailing Prices For Grain and Cattle on June 21.

Indianapolis.

Address all communications to THE DAILY BANNER TIMES, Greencastle, Ind.

It is one of the characteristics of this paper that it gives the news. Our Saturday contemporary, the organette, doesn't like it a bit because the BANNER TIMES gives all the news and is silly enough to show it by attempting to be critical.

As exchange thus comments on the usefulness of a hairpin: There is scarcely anything a woman cannot do with it. They use it to pick their teeth, button shoes, clean finger nails, punch bed bugs out of cracks, fasten up stray bangs, clean out the stem of their husband's pipe, scratch their heads, run into cakes to see if they are baked sufficiently, and about a million of other things the poor denuded men know nothing about, and they do it all with the same hairpin.

TELEPHONE connection of all the surrounding towns in Putnam county should by all means be had with Greencastle. The towns could with a little effort and a few subscriptions get up enough stock to make their lines a success, and by charging a small toll pay for them in a short time. They would then be able to operate an office by placing it in a country store or postoffice at no expense at all. Conne-

tion by wire with the capital city would be of great service to them and also to the city of Greencastle. Let us have this county exchange. Nearly every county in the state has such and Putnam should be as progressive as any of them.

The organette says wages are advancing. No wages were advanced until the late sweeping republican victories, which assured the people of the country that no more wage reducing, tariff tinkering could happen to this country. As soon as the people were assured that the democratic party was past harm to the country, business began to pick up. The republicans will further it as they get into power. The mere fact that they will be able to check democratic blundering has already had its effect.

When a paper is a success at news-giving it invariably provokes a sour grape criticism from envious rivals. The Democrat this week devotes about a column of space to the news methods of this paper. You can no better advertise us, neighbor, than to call attention to our news giving enterprise. Keep it before your readers and we shall have no kick coming. The BANNER TIMES sets the pace hereabouts on news matters of every variety and that this fact doesn't suit our slow-going Saturday rehashers we are not surprised.

GO TO WORK.

"Tall oaks from little acorns grow" is a trite remark and very true. Little beginnings often lead to important results. The large industries of the country started in a small way and were made great by success and hard work. The Pullman car works, now employing 3000 men, were the outgrowth of a bright idea. The large department stores of Chicago and New York, some of them employing as many persons as our whole population, grew from small beginnings—some of them being started by men who were once cash boys. The bicycle business now so successful in Indianapolis was started by boys who learned their business in bicycle repair shops. Everything must have a beginning. It may be insignificant. The soil must be rich enough to foster growth and the conditions must be right. Greencastle has a few little industries that ought to be encouraged and made to grow into something that we would all be proud of. Let every mother's son of us quit croaking and go to work. Talking will never bring factories from the skies or elsewhere. Let us start them in the only way that will be worth a tinker's copper—by taking up some line and starting in a small way. Capital is a good thing, of course, but not valuable until backed by brains and enterprise. We need the brains worse than anything else. The young men of Greencastle have the brains, if properly directed, to revolutionize this conservative old town in ten years. Let them get to thinking on this line and let

them investigate the different lines of manufacture that have proved successful in other places. Let them organize in small companies and, above all, go to work. Capital will be forthcoming if you have brains and enterprise. Capital is shy and has to be wooed. Mass meetings, hurrahs and all that sort of things are a waste of time and energy and only serve to delude and discourage. The way to become a manufacturing city is to begin to make something salable and keep on making it. Young man, are you going to fritter your time, talents and life away by leading an easy, idle life and let your community be none the better for you having lived in it.

THE Blue Grass Blade, a paper at Lexington, Ky., has suspended publication. The paper had the queerest set of principles ever championed by an organ. It favored prohibition and infidelity at the same time and the wonder is that it lived as long as it did. It was as severe on the christian as it was on the saloon-keeper and boozier and it was marked for an early death long before it threw up the sponge.

SAID Bulver: "The newspaper is the chronicle of civilization. It is a daily and sleepless watchman that reports to you every danger which menaces the institutions of your country and its interests at home and abroad. It is a law book for the indolent, a sermon for the thoughtless, a library for the poor."

Dr. G. Duval Retires.

Dr. T. G. Duval has just returned from Ohio Wesleyan university where he has been elected professor of philosophy for a term of five years at a salary of \$1800 per year. He has resigned his position at DePauw and the trustees are on the lookout for a good man to take his place. It is said on good authority that Prof. Addison Moore, who has an associate professorship in philosophy at Chicago university for next year, will be elected to the position. Prof. Moore has been doing post graduate work for several years and his ability as a teacher is well known.

Editorial was Shy.

The shortest editorial page on record, according to the Press and Printer, was that which appeared in the Cincinnati Enquirer on a memorable July day many years ago when Washington McLean owned the paper and employed six editorial writers who furnished six columns of matter daily on current events. The editorial in question was the only one which appeared on that particular day and it read: "Yesterday was the Fourth of July." It is explained that on the evening of that memorable Fourth, the editorial writers repaired to a saloon to get a cooling drink and that, just as they were lined up for business, Mr. McLean unexpectedly entered. They all expected dismissal on the spot, but much to their surprise, their employer invited them to drink with him and kept them at it, threatening to discharge the first man who refused. The result was that five of them were rendered unable to return to the office and the one who escaped was only able, before succumbing like his fellows, to write the single sentence, "Yesterday was the Fourth of July." This appeared solitary and alone, in the editorial columns next morning. That evening Mr. McLean is said to have received a host of letters from readers telling him how much they appreciated the change and the result was that the six editorial writers were given other work to do and news filled the space usually allotted to the product of their pens.

Hood's for Eczema.

LIBERTY MILLS, Ind., June 3, 1895. "I have had eczema and have doctored without benefit, until I began using Hood's Sarsaparilla and am now taking my third bottle, and it has helped me all the time and I believe will permanently cure me."

R. C. ULREY, Box 42.

Hood's Pills cure indigestion.

MARRIAGE LICENSES.

Allen G. O'Neal and Luella M. Wright; Charlie E. McCashlan and Sarah A. Young.

ST. PAUL'S ACADEMY.

Annual Commencement Exercises of the Catholic School Last Evening.

The annual commencement exercises of St. Paul's academy occurred last evening in the presence of a large gathering of friends and admirers of the school. The graduates, three in number, were Miss Jessie Couch, Miss Sarah Black and Miss Mamie Long. The graduating class was assisted in the program by the class of '94 and other members of the school. The subject of "History as an Educational Factor" was the theme chosen by the class and was arranged in parts, Miss Couch taking the introductory, Miss Black following with a discussion upon the reliability of history and Miss Long concluded with the plan for taking history as an educational factor. Miss Allie Riley and Miss Anna Cannon rendered a beautiful vocal solo, each, which were much appreciated. Miss Maggie Murphy's piano solo was well given and met with much favor by the audience. Miss Cannon also rendered a beautiful piano solo. "The Foolish Maiden," a juvenile song, was sung by a number of little girls of the school in a very sweet manner. The *Leg Leaf*, the academy paper, was read by Misses Madden and Murphy. Miss Cannon read an essay on "Christian Faith" which was followed by the singing of "Silver Bells of Memory" by the St. Paul's choir. Mr. Joe Bahr sang an inspiring sacred solo. The exercises closed with the presentation of diplomas by Father McLaughlin.

Altogether the evening's program had been most pleasing to the large audience, and the manner in which the young ladies acquitted themselves was highly complimentary to themselves and their instructors.

How Our Fish Are Slaughtered.

A party of fishermen from this city lately visited Raccoon creek and fished in a novel if not unlawful manner. They took a heavy log chain and dragged it through the deep holes in the creek. Others of the party followed with a tarpaulin, and the fish jumping over the chain would alight in the tarpaulin, when they were easily captured. Forty-five fine bass were taken by this unsportsmanlike method. No wonder our streams are being depopulated of game fish.

St. Paul's Baptist Church.

Rev. R. D. Leonard, of Indianapolis, will preach at St. Paul's Baptist church Sunday, the 23rd. Sermons at 11 o'clock a. m., 3 o'clock p. m., 7:30 p. m.

Detroit, Mich.

Sadly Afflicted

Boils and Eruptions Caused by Impure Blood

Hood's Sarsaparilla Made Her Well, Strong and Healthy.

"When our little daughter was six months old an eruption of the skin appeared, and shortly large boils came which were filled with watery matter and which caused the child much suffering. I was completely discouraged when I happened to notice a cure by Hood's Sarsaparilla of a boy suffering from a complaint similar to that of my child's. I bought one bottle and after giving it to Anna a few days I noticed satisfactory improvement. Before the bottle was entirely used she had greatly changed and after a few weeks the disease had disappeared. The child had a good appetite and became well, and is strong and healthy, without any ailment. I am very thankful to Hood's Sarsaparilla." CHARLES SINGER, 156 Antietam Street, Detroit, Mich.

Hood's Pills are tasteless, mild, effective. All druggists. 25c.

WANTED—An honest, active gentleman or lady to travel for established, reliable house. Salary \$250, payable \$15 weekly and expenses. Travel permanent. References. Enclose self-addressed stamped envelope. The Dominion company, 318 Omaha Building, Chicago. 20133.

Refrigerators, ice cream freezers and gasoline stoves at Cooper Bros. Hardware store.

Vandalia Line Excursions.

FOURTH OF JULY RATES. Tickets will be sold on July 3d and 4th, good to return until July 5th, 1895, inclusive, between all stations within two hundred miles of initial point, at one fare for the round trip. Tickets will also be sold to stations on connecting lines on the same basis as above. For full particulars call on nearest Vandalia Line ticket agent, or address E. A. Ford, Gen'l. Pass. Agt., St. Louis, Mo. J. S. DOWLING, Agt.

WHY GO AWAY

Why go to Martinsville, Fremont or any other watering place? Greencastle has at her doors the best mineral water to be found in the state. The Spring on the farm, south of the Vandalia road, contains iron and sulphur. Medical properties have been analyzed and found to be the equal of any spring.

Read the following testimonials:

GREENCASTLE, Ind., June 2. I was troubled with constipation, kidney trouble for ten years. I arranged to go to Martinsville for treatment. I determined to try the water in the Mahan spring and within weeks was entirely cured.

JOHN RILEY

GREENCASTLE, June 2. I have been constipated for many ten years and my bowels were in a condition that they refused to perform their function without the aid of physic. About four weeks ago I of the wonderful results of the Mineral Water and commenced using it. Its result was soon apparent. I am much better than I have been years. I would not be without it. Advise others with similar troubles try it.

JEROME SMITH, 605 1/2

GREENCASTLE, June 2. I have used the Mahan water for constipation, kidney trouble and rheumatism, and find it of great benefit. I have used it for several months and consider it a good remedy.

WYATT JAY

I have made arrangements to take the water around the city, making delivery by wagon each morning.

Customers supplied at 10 cents a gallon, delivered.

If a sufficient number of customers can be had, will reduce the price. Call on or address by postal card.

DON'T THINK

Of leaving the city, even for a short time, without ordering the Daily BANNER TIMES to follow you. It costs you but 10 cents a week as it does here at home, and the address will be changed as often as you desire.

The Vandavia pay car was here today.

Wm. Brothers went to Brazil this morning.

Miss Ruth Howe is visiting at Clayton today.

Fred Parker, of Amo, is visiting friends here.

Dr. M. L. Turner is in the city from Indianapolis.

Marshal Starr went to Indianapolis this morning.

Dr. H. A. Gobin will preach at Wingate tomorrow.

Born to George Bee and wife, of Oakalla, June 22, a daughter.

Miss Ethel McWhirter, of Indianapolis, is here to spend the summer.

Anderson defeated Ladoga yesterday at the latter place by a score of 8 to 5.

Nelson Bros. & Hanna have been shipping cattle to Chicago this week.

Miss Dova Lloyd is at home from Chicago. She brought her little nephew with her.

Leslie Joslin and Orsa Overstreet report the slaughter of thirteen squirrels yesterday.

Miss Carrie Patterson left at noon for Logansport, where she will spend the summer.

A party of friends were entertained yesterday afternoon by Miss Sidella Starr at her residence on east Seminary street. An elegant luncheon was spread

in honor of Mrs. J. E. Sedwick, of Martinsville.

Patrick O'Boyle has sold to Howard Young seventy-four acres of land near Linedale for \$2800.

Misses Myrtle Couch and May Gorman, of Fillmore, are the guests of Miss Luella Baldock.

Mrs. Will E. Peck, of Greencastle, is visiting Mrs. I. N. Pierce, of south Fifth street.—Terre Haute Express.

Mr. and Mrs. James Vermilion attended the funeral of the latter's grandfather, Major Porter, at Brazil yesterday.

Claude Owen and Mr. Durland, of Chicago, who have been visiting friends here, left this morning at four o'clock for Flora, Ill.

Mrs. R. A. Ogg's mission band met with her last evening and spent a happy evening. Some of the older friends were present also.

Parke Dunbar, formerly of this city, and Miss Kate Lamar, of Boardman, Fla., will be married at Boardman on June 26 at 11:30 o'clock.

Jas. Randel has sold his Monroe township farm to Howard Pherson, of Bainbridge. There are one hundred and twenty acres in the tract.

Miss Edith Waltz will entertain a party of young folks this evening at supper in honor of Mrs. Sedwick. The gentlemen will call after supper.

The Lafayette Courier states that Mr. Percy, who went from Greencastle to that city last fall, has established a Turkish bath establishment there.

The Crawfordsville Review says that Tom Nicholson compromised his loss by Potter for \$57.50, being paid that much by Landlord Cooper, half his loss.

Co. I has decided to attend the fourth of July celebration at Anderson. They will take with them a company of zouaves under command of A. G. Abbott.

Wm. Denny was in from Marion township today and reports the killing of a fox squirrel that had a pure white tail. Marion is hard to beat in various things.

The large posters for the Fourth of July celebration are being spread up today. A number of young men of the city will volunteer and bill the county. That's right.

At the last meeting of Company I Corporals Graham and Sandy were elected sergeants. A competitive drill will be held in the near future to fill the vacancies made by the promotion.

Dr. Thomas Francis Moran, a fellow of John Hopkins university, and a former graduate of Ann Arbor, class of '87, has been selected by the board of trustees of Purdue university as professor of history and political economy.

Dr. J. P. D. John returned last night from Appleton, Wis., where he delivered his lecture "The Worth of a Man" before the senior class of Lawrence university. The degree of LL. D. was conferred upon Dr. John by the university last Monday.

Stop advertising when you perceive it to be the rule that men who never advertise are outstripping their neighbors in the same line of business, or when you would rather have your own way and fall than take good advice and win.—National Advertiser.

Mr. Morton Diall has a very interesting article in the Terre Haute Tribune on the military departments of American colleges and shows their advantages in developing young men physically and in preparing men who will be fit to respond to a call in time of war.

Ed. Abrams, who has held down the American express office in this city so faithfully for a number of years, has received his reward at last in the way of a well deserved promotion. He leaves Monday to begin his duties as route agent for the company with headquarters at Indianapolis. He turned the books over last evening to Dave Abrams, who succeeds him.

At his home on east Seminary street last night, Joe Allen entertained his college and city friends. Light refreshments were served and the evening was delightfully spent at crokinole and other games. Those present were Misses Williamson, Matson, Greenleaf, Arta Smythe, Morris, Arnold, Nesbit, Swahlen, and Messrs. C. Allen, Langdon, Dowden, Dee, Tilden, Davis and West.

John Potter is under arrest at Minneapolis. Yesterday Marshal Starr received a telegram from the Minneapolis police saying they had Potter and that he would accompany an officer back without a requisition. Marshal Starr will leave tonight for Minneapolis, but will take along a requisition just the same, as he does not care to take any risks on the prisoner changing his mind.

There are always persons who appear to be "soured" on everything pertaining to home affairs. They prefer not to patronize home merchants, home dressmakers, home papers, home mechanics, home anybody. They appear to be enemies to their household—enemies to those upon whom they are dependent for their very bread and butter. This is a species of insanity, for any man will know that it is to his interest to give support and encourage-

ment to his immediate neighborhood, whose success will at least improve his chances for getting along nicely.

The reception tendered Rev. and Mrs. W. K. Weaver last evening at the residence of Mr. and Mrs. Chas. Lueteke was a cordial greeting to the new Presbyterian minister. The large and elegantly appointed home of Mr. Lueteke was thrown open, and Mrs. Lueteke assisted Mr. and Mrs. Weaver in receiving the guests. A large number of citizens outside of the membership of the church attended and paid their respects to their guests. An orchestra was present and added good music to the festivities, and refreshments were served in good style. All the ministers of the city were present and quite a number of college men.

There was probably an "innocent abroad" when the Star-Press reporter was regaled with a tale of "Old Aunt Liza," the potato bug and some paris green. And the Star-Press got a scoop! These are some fables we have heard of: Noah and the ark; the dog and the rabbit; etc., that our contemporary might rake up for a show news day.

Among the Churches.

COLLEGE AVENUE METHODIST CHURCH Sunday school at 9 a. m. The pastor, Rev. J. H. Hollingsworth, will preach at 10:30 and 7:30. Rev. Switzer will not be present, as announced last Sunday.

NORTH MISSION.

Sabbath school tomorrow at two o'clock. Preaching at 7:30 p. m. All are invited.

The Weather.

The indications for this vicinity for the coming thirty-six hours are as follows as received by H. S. Renick & Co. from the official weather bureau at Indianapolis:

INDIANAPOLIS, June 22, 1895. Fair weather, stationary temperature. MOORE.

HEART DISEASE, like many other ailments when they have taken hold of the system, never gets better of its own accord, but constantly grows worse. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to take for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Dyesville, Ohio who writes June 10, 1894, as follows:

"I had heart disease for 23 years, my heart hurting me almost continually. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking Dr. Miles' New Cure for the Heart and wonderful to tell, in ten days I was working at light work and on March 19 commenced framing a barn, which is heavy work, and I haven't lost a day since. I am 56 years old, 6 ft. 4 1/2 inches and weigh 250 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedies."

Dyesville, Ohio. SILAS FARLEY. Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 4 bottles for \$3 or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
